28: Tessman--356 [4] (No date) 1930 Jivaro
116, 526, 578

According to Karsten wrestling is one of the program points of a victory celebration. According to my own information wrestling is a way of deciding an argument between two Aguaruna men. The two antagonists grab each other with folded hands behind the head, and each one tires to throw the other to the ground. Whoever succeeds in this is the victor, and this settles the dispute.
